Re: Barrow Cable TV, Inc.
File No. SES-REG-20050114-00120

Dear Mr. Edwards:

On January 14, 2005, Barrow Cable TV, Inc. filed the above-captioned application for authority to operate a C-Band Earth Station. For the reasons discussed below, we dismiss the application as defective, without prejudice to refiling.¹

A review of the application has revealed that you did not submit the Frequency Coordination and Interference Analysis Report. In addition, as of November 5, 2004, all filings on Form 312 must be submitted electronically through IBFS.²

Accordingly, pursuant to Section 25.112(a)(1)³ of the Commission's Rules, for failure to provide a Frequency Coordination and Interference Analysis Report, the application is dismissed.

Sincerely,

Scott A. Kotler
Chief, Systems Analysis Branch
Satellite Division

¹ If Barrow Cable TV, Inc. refiles an application identical to the one dismissed, with the exception of supplying the missing information, it need not pay an application fee. See 47 C.F.R. § 1.1109(d).
